# Introducing our 2022 President...

## Ramblings From the Road

As I write this first article, we are sitting in Mountain View, MO at the Ozark Mountain Springs RV Park. We started out the Fall season at the Rally on the River near Stillwater, MN. The rally was hosted by Rod Fierek (BRN #1924) and an awesome rally it was. At this point let me just say that Rod & Beth really made our return to the road a great

one. 2021 was special and that was due to all the incredible rally hosts and Rod's leadership. I know that we all thank them for their hard work.

Now back to the road. Along with several of you, we left the Rally on the River and were led by Kurt & Mary Jorgensen (BRN #6104) on the **Driftless Caravan 2**. It did not disappoint. It nearly put us in the middle of the Apple Fest parade in Gays Mills. Janet & I then departed Gays Mills for Arkansas to begin the **Show Me the Ozarks Caravan**. We are now in our 3<sup>rd</sup> week of driving up & down mountain roads. (There ain't no straight or flat road to be found in these here parts.) We have seen so many new things and heard so much wonderful music. Let me just say that there is so much more to the Ozarks than Branson, although Branson was pretty cool.

As most of you know I continue to work when we are on the road. Although connectivity has been somewhat challenging, the purchase of a new **weBoost** system (by Wilson) has certainly helped. Hopefully at a later date, someone a lot savvier than I will share more about this type of technology.

We have a great year starting to shape up. Although a number of rallies still need to have the finishing touches completed, 2022 looks something like this:

Nov 2022 Birthday Bash @ Potawatomi State Park ? – Host?

There will be much more detail as we move along. I know that all of the hosts are working hard to make 2022 a year that everyone will find something that they can enjoy.

Janet and I want to say what an honor it is that you are allowing us to help to guide our club in some very exciting activities. If you have any thoughts that you would like to share with me, please reach out and let me know.

Remember:

Renew your membership if you haven't already.

Rally On.

Caravans are awesome.

Welcome Newcomers.

Get your shots.

Wear your mask.

Love your neighbor. Not just because they live in shiny tiny homes but because they are humans too.

Travel safe.

See you down the road.
